OUR STORY

Abercrombie & Kent's founder Geoffrey Kent was born on safari and grew up barefoot in the bush of Kenya, his beloved homeland. In the 1960s he and his parents launched our company and pioneered the first modern luxury safari, a bespoke mobile camp unprecedented in its sophistication. This inimitable combination of adventure and extravagance became the blueprint not just for Abercrombie & Kent, but for the entire concept of experiential travel.

Six decades on, now under the ownership of Geoffrey Kent's long-time friend and travel partner Manfredi Lefebvre d'Ovidio, Abercrombie & Kent is an international company, renowned for creating thrilling, innovative and ultra-luxurious travel experiences all over the globe. In the same spirit of adventure, we have pioneered the world's most exciting and extraordinary Private Jet Journeys aboard our own A&K Boeing 757, each itinerary designed to reveal the most inspiring places in the world as no one else can.

LETTER FROM OUR CHAIRMEN

There are islands whose very names conjure up images that set them apart: the Galápagos with its colorful, fearless wildlife; Easter Island, known for its enigmatic moai; and Sicily, land of lively town squares and fiercely proud people. Combine a stop in tropical paradise, a visit to real-life Middle Earth and some of the best wildlife viewing on the planet. Together, they create an extraordinary adventure around the world — a journey filled with authentic cultural discoveries, food and wine worthy of every epic setting and hotels carefully selected and, when necessary, renovated to meet our exacting standards.

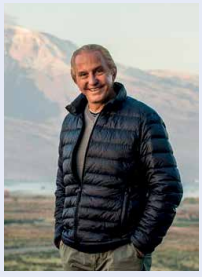

Our unrivaled local connections enable us to take you beneath the surface to the true heart of every place you visit. Indulge in a Polynesian feast in the Cook Islands, explore Milford Sound by helicopter before touching down for a picnic and meet a wildlife ranger to track the rare Sri Lankan leopard — we curate experiences that reveal a destination at its best.

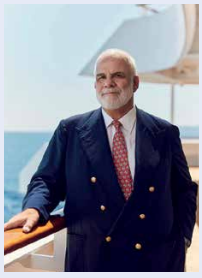

Step aboard our chartered A&K Boeing 757 with a small group of 50 guests and circle the globe on an adventure you will never forget.

SPIRITED
AWAY

The private jet is a *magic carpet* for the modern age, *whisking globetrotters* from one far-flung haven to another with a glorious, unrivaled *sense of freedom*

Physical and material comfort are of course defining elements of the Private Jet experience — the pristine interiors, the horizon-spanning vistas, the wholly personalized service, the top-notch food and drink. Add to that an organization humming behind the scenes to execute your expertly designed itinerary without a hitch, freeing you to explore stress-free and alive to every moment. The net effect is tremendous — a journey that elevates the spirit as it reveals the world's marvels.

And yet, in the end, the single greatest advantage of travelling by private jet is the way it allows you not only to get from A to B in frictionless high style but also to stitch together many distant and disparate worlds, to get from A to Z in frictionless high style.

This adventure, for example, covers more than 27,000 miles on its path around the world, an itinerary that would push any travel advisor to the limit: the Galápagos to Easter Island, the Cook Islands to New Zealand and beyond, each flight coming and going on a schedule that works for your group. At every stop, our team delivers only the best in food, hospitality and experiences that show you each destination through local eyes.

Pulling off globe-spanning, showstopping journeys like this takes a lifetime of expertise and a network of local connections a mile deep — as the saying goes, do not try this at home. Commercial airlines simply aren't up to it, and in the absence of a transporter beam or a magic carpet, A&K's chartered private jet is the only path to a truly unbelievable adventure.

To reserve your place or find out more, call **888 755 3491,** visit **abercrombiekent.com** or speak to your travel advisor.
