OUR STORY

Abercrombie & Kent's founder Geoffrey Kent was born on safari and grew up barefoot in the bush of Kenya, his beloved homeland. In the 1960s he and his parents launched our company and pioneered the first modern luxury safari, a bespoke mobile camp unprecedented in its sophistication. This inimitable combination of adventure and extravagance became the blueprint not just for Abercrombie & Kent, but for the entire concept of experiential travel.

Six decades on, now under the ownership of Geoffrey Kent's long-time friend and travel partner Manfredi Lefebvre d'Ovidio, Abercrombie & Kent is an international company, renowned for creating thrilling, innovative and ultra-luxurious travel experiences all over the globe. In the same spirit of adventure, we have pioneered the world's most exciting and extraordinary Private Jet Journeys aboard our own A&K Boeing 757, each itinerary designed to reveal the world's most inspiring destinations as no one else can.

LETTER FROM OUR CHAIRMEN

Hidden Horizons ties together a string of often-overlooked places into a seamless adventure that reveals facets of the world you never knew existed, always in unmatched A&K authenticity and style.

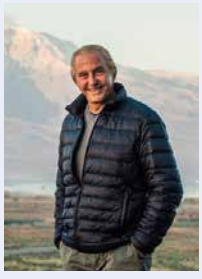

Our unrivaled local connections grant you access to the people and places that turn names on a map into living, breathing destinations that touch you in ways you never forget. SPIRITED

AWAY

The private jet is a *magic carpet* for the modern age, *whisking globetrotters* from one far-flung haven to another with a glorious, unrivaled *sense of freedom*

Physical and material comfort are of course defining elements of the Private Jet experience — the pristine interiors, the horizon-spanning vistas, the wholly personalized service, the top-notch food and drink. Add to that an organization humming behind the scenes to execute your expertly designed itinerary without a hitch, freeing you to explore stress-free and alive to every moment. The net effect is tremendous — a journey that elevates the spirit as it reveals the world's marvels.

And yet, in the end, the single greatest advantage of travelling by private jet is the way it allows you not only to get from A to B in frictionless high style but also to stitch together many distant and disparate worlds, to get from A to Z in frictionless high style.

This adventure, for example, covers more than 17,000 miles on a route linking destinations most people couldn't find on a map: from the Azores to Algiers, Ghana to Sao Tome, onward through Victoria Falls, the Seychelles, Kazakhstan and Bulgaria, each flight coming and going on a schedule that works for your group. At every stop, our team delivers only the best in food, hospitality and experiences that show you each destination through local eyes.

Pulling off showstopping journeys like this takes a lifetime of expertise and a network of local connections a mile deep — as the saying goes, do not try this at home. Commercial airlines simply aren't up to it, and in the absence of a transporter beam or a magic carpet, A&K's chartered private jet is the only path to a truly unbelievable adventure.

To reserve your place or find out more, call **888 755 3491,** visit **abercrombiekent.com** or speak to your travel advisor.
