Our Story

Abercrombie *&* Kent's founder Geoffrey Kent was born on safari and grew up barefoot in the bush of Kenya, his beloved homeland. In the 1960s, he and his parents launched our company and pioneered the first modern luxury safari, a bespoke mobile camp unprecedented in its sophistication. This inimitable combination of adventure and extravagance became the blueprint not just for Abercrombie *&* Kent, but for the entire concept of experiential travel.

Six decades on, now under the ownership of Geoffrey Kent's long-time friend and travel partner Manfredi Lefebvre d'Ovidio, A*&*K is a global company, renowned for creating thrilling, innovative and ultra-luxurious travel experiences all over the world. Our Small Jet Journeys add the flexibility and convenience of private air to small-group travel, while our unique Tailormade Journeys are created for individual guests. Everything we do, from Expedition Cruises plying remote waters to continent-hopping Private Jet Journeys aboard our luxurious, customized Boeing 757, exudes a spirit of adventure.

RISING

TO  THE

OCCASION

Taking bold steps when others hesitate is part of the trailblazing ethos that's been integral to the A&K story from the get-go. So, when the idea of super-charging our small-group travel experience with privately chartered flights between destinations occurred to us, we didn't miss a beat — and A&K Small Jet Journeys were born.

With Small Jet Journeys came travel opportunities unimagined before: To span Mexico, from Mexico City with its timeless Aztec heritage to a lagoon in the Baja where friendly gray whales gather for up-close encounters and to the Yucatán, home to the stunning architecture of the Mérida region, all in less than a fortnight. To bridge Canada, from Vancouver on the Pacific Ocean to the polar-bear dotted shores of Hudson Bay. To range from China's bustling mega-cities of Beijing and Shanghai to far-flung outposts along the fabled Silk Road such as Xi'an and Jiayuguan, where the Great Wall comes to an end — all in less than two weeks. Small Jet simply makes more possible.

These extraordinary itineraries elevate your experience in the moment as well. Trading the hassles and holdups that can accompany commercial flights for private air means more time on the ground, basking in the expansive knowledge and boundless enthusiasm of your Resident Tour Director and superb local experts. Limited group sizes (11 to 13 on most journeys) also open doors to rare experiences, like a cruise along Patagonian fjords to view ice-blue glaciers, and stays in often out-of-reach accommodations such as San Ignacio Luxury Camp near a whale haven in the Baja of Mexico and Daios Cove on sunny Crete.

Our Small Jet Journeys keep all the best of what makes A&K's small-group travel experience so exceptional, bringing together people from different backgrounds, united by curiosity. The camaraderie and rapport you build as you explore together remains, the primary difference being you're doing it with more ease, comfort and convenience than you ever thought possible. Join us, and watch us rise to the occasion for you.

WHY JOIN A SMALL JET JOURNEY WITH A&K?

Time spent travelling is precious, and we understand how important it is to make every trip extraordinary, which is why our guests book with us time and time again. Here are a few good reasons to follow them.

FLEXIBILITY AND CONVENIENCE

A&K's Small Jet Journeys allow you to see and experience more than you ever thought possible on a single itinerary by combining the flexibility and convenience of private air with A&K's incomparable insider access. Our experts curate authentic experiences in a way well beyond what commercial air travel allows, showcasing each destination at its inspiring best. Free time is woven into most itineraries, offering you the opportunity to explore a destination and its cuisine on your own or to simply relax at your amenity-laden accommodation.

A RELAXING TRAVEL EXPERIENCE

Fly with just your small group aboard a small jet, skirting airport crowds and making security procedures a breeze. Enjoy departures and arrivals ideally timed to suit your itinerary and receive superb service from your dedicated flight crew. Of course, on a flight into the African bush, your expert pilot may be your sole crew member.

LOCAL PERSPECTIVES AND UNMATCHED SUPPORT

A&K has the most robust tour operator support network in the travel industry. Our time-tested, one-on-one relationships with the people who know your destination best enable us to reveal each location from a truly local perspective.

RESIDENT TOUR DIRECTORS WHO LIVE IN YOUR DESTINATION

Our Resident Tour Directors have lived for decades, if not their entire lives, in the places you visit. They accompany you every day, sharing their unique understanding of daily life as well as your destination's culture, history and wildlife.

SMALL GROUP SIZES THAT BRING BETTER INSIDER ACCESS

Most Small Jet Journeys feature an average group size of 10 guests, so you experience a world of insider access opportunities unavailable to larger groups while enjoying deeper interactions with your passionate Resident Tour Director and the fascinating local experts who lead you.

INSPIRING PLACES TO STAY

We choose the best hotels in the most thrilling locations. They might include a city grande-dame, famed for its history as well as its hospitality, or an exquisite royal residence unlocked just for A&K guests. So special are they, many have been recognized in the *Condé Nast Traveler* Gold List and *Travel + Leisure* World's Best Awards. Raising the bar for exceptional stays are the safari lodges, camps and vessels in our A&K Sanctuary portfolio, found throughout the journeys presented here.

SAFETY AND SECURITY

However you travel with A&K, you are in the best possible hands. Behind every journey is an international network of more than 3,000 staff, in over 70 offices and 83 countries. The safety and security of our guests is at the heart of what we do, meaning you can step outside your comfort zone knowing that we are never out of ours.

PRIVATE TRAVEL

A&K understands that some guests prefer to travel privately, whether that means flying solo or with your whole extended family. Contact your A&K Travel Consultant to discuss whether your preferred Small Jet Journey is available to be taken privately.

We've set an unbeatable standard in luxury travel since 1962, and on our Small Jet Journeys, we're sure you'll find we go the extra mile — in more comfort and less time

A&K PHILANTHROPY

Our founder Geoffrey Kent pioneered community-first conservation initiatives in Africa in the 1980s. His ethos: that the best way to protect our planet's remaining wilderness is to invest in the communities who live there.

Since then, A&K Philanthropy has grown into a global non-profit organization spanning all seven continents, positively impacting hundreds of thousands of lives and helping preserve some of the world's most precious ecosystems. Our projects aim to support, empower and educate local communities in protecting their surroundings, and to ensure that the people in the places where we travel also benefit directly from tourism.

Every trip you book with us supports the initiatives of A&K Philanthropy, positively impacting communities and conservation efforts. Thanks to amazing guests like you, in 2024 we raised $2.7 million to support initiatives that range from training women as bicycle mechanics and nurses in Uganda, and providing school children with books, food and clean water in Zambia, to funding climate-change studies that help preserve wildlife in Antarctica.

OUR LATEST PROJECTS

The A&K Philanthropy nonprofit network spans 24 countries on all seven continents and, in 2024, spent over $3 million on programs. That year, we opened a second bike shop in Uganda (adding to four others in Zambia, Tanzania, Jordan and Egypt), providing 12 women with mechanical training and six with jobs. In Nakatindi, Zambia, AKP has over the past decade supported the growth of the village primary school into a secondary school and, in 2024, began funding a science laboratory as the final step in transforming education in the rural hamlet.

With the help of a guest inspired by our work in Peru, we have paid for English and Quechua classes for all 200 students at the Children of the Rainbow School in the Sacred Valley. What began as one classroom for six children with special needs in Arusha,

Tanzania, has evolved into a learning environment for 200. Other projects include providing clean well water to communities around Angkor Wat, Cambodia, and — with the help of donations from A&K guests — funding children's heart surgeries at the Magdi Yacoub Foundation's Aswan Heart Centre in Egypt.

GET INVOLVED

On A&K Small Jet Journeys, every one of our guests takes away meaningful memories, life-changing perspectives, new friends and a deeper connection to their destination. On select itineraries, they have the opportunity to give something back, too, particularly to the communities that welcome them, lifting the lid on local life and making these trips extra special. Speak to our team to find out how you can make the biggest impact when you travel: we make sure every dollar you put toward AKP projects goes directly to the projects we support. To find out more, or to donate, visit **akphilanthropy.org**.
