WELCOME TO MEXICO

Awe-inspiring resorts, set on powdery sands on sprawling coastlines. Darling coastal villages, where *fútbol* is played by youngsters on the same streets the greatest European conquistadors and Aztec, Incan, and Mayan warriors once strode; where old traditions live on, tortillas are still handmade, chocolate is served spiced, and Mayan and Nahuatl languages flow like the rivers that run through the country's jungle.

These are only some of the lasting impressions made by the United Mexican States, the tenth most populated country in the world. Featuring a landscape that offers sugar-white beaches, cinnamon deserts, and cities both forgotten and remembered in between, it's no wonder that so many Americans come here each year in search of paradise.

They head south to feel the kiss of the sun on their skin and the whisper of clear water at their feet. The rush of warm air as they zip through lush rainforests, countered by the crisp coolness of a refreshing cenote. The taste of pestle-ground guacamole, filling tamales, savory barbacoa, or heavenly carnitas, spiced with fresh chiles and tempered with a cornucopia of tropical fruit and mild cheeses.

From the Sea of Cortez to the Yucatan Peninsula, and the Gulf of Mexico to the Pacific Ocean, the magic of Mexico awaits, each destination eager to make its own lasting impression.

CANCUN

A Place Like No Other

One of Mexico's most beloved beach destinations, developed exclusively with tourism in mind, the tip of the Yucatan Peninsula is perhaps the best example of a crowd-pleasing destination on this side of the Americas. The sun worshipper and water lover; historian and adventurer; spa hopper and wildlife explorer; gourmand and gourmet; families with children in tow, empty nesters, and couples in every stage of love … there truly is something for everyone in this slice of paradise along the Caribbean Sea.

At the heart of the action lies Cancun, a seven-shaped strip of stunning resorts set on 14 miles of bright white, crushed coral beaches, and host to millions of visitors each year. Divided into the popular and lively Hotel Zone, Downtown Cancun, and the Ecological Reserve, golf, snorkeling, scuba diving, wind surfing, water skiing, sailing, deep sea fishing, and jungle tour opportunities all tempt loungers to leave the sugary sand, no matter in which region they set up their chairs.

COSTA MUJERES/ ISLA MUJERES/ PLAYA MUJERES/

Mexico's Newest Paradise

If action is what you're seeking an escape from, the "Island of Women," or Isla Mujeres, is romance at its best. Once known as a sanctuary of the Mayan goddess of love and fertility, Ixchel, here lies unspoiled beaches, quietly luxurious resorts, and lovely restaurants and bars in Playa Norte, accessible by golf carts, mopeds, and bicycles. Even gentle whale sharks retreat to these calm waters during summer, joining the many visitors who take equal advantage of the deep sea fishing available here. Nearby, the tiny, motor-free Isla Holbox also provides tourists with an opportunity to swim with the world's largest shark, or mingle with flamingos—over 40,000 gather between spring and fall—while Isla Contoy, inhabited only by wildlife and welcoming a mere 200 tourists per day by law, lets visitors see nature the way nature intended.

RIVIERA MAYA

Gateway to the Mayan World

To discover all of the Mexican jungle's ancient secrets, go to the Riviera Maya. Known for its 70-mile stretch of postcard-perfect waterfront, this region is also the site of the ruins of Tulum and its eponymous beach. Equally famous for its cenotes—stunning underground sinkholes filled with crystalline water—as it is for its shoreline, rest and adventure go hand in hand here.

A stone's throw away from the peaceful resorts that line the Riviera Maya's shores is the renowned touristic area of Cancun; the colorful villages of Playacar; and, of course, lively Playa del Carmen, where the nightlife keeps visitors on their feet.

Nature-lovers will quickly find what they seek, as well. Xcaret, the massive eco-archeological theme park, is based here and, just south, you'll find the 1.3 million-acre Sian Ka'an Biosphere Reserve, a UNESCO World Heritage Site with 23 archeological sites. Not to be forgotten are the famous coral reefs of Cozumel and the Puerto Aventuras marina, popular with fishermen and yachters alike.

LOS CABOS

At Land's End

The sapphire Sea of Cortez meets the Pacific at El Arco, arguably the most photographed landmark of Baja California Sur. Originally inhabited by the Pericu Indians, this mountainous desert peninsula is broken up into three districts: Cabo San Lucas, The Corridor, and San Jose del Cabo, each enjoying 350 long days of warm sun per year.

Cabo San Lucas, the "Striped Marlin Capital of the World" and host to the biggest-stakes fishing tournament on the planet, is a fisherman's paradise by day and a reveler's dream by night. Trendy restaurants and bars, a lovely marina, and the Luxury Avenue Mall lure travelers the way anglers draw in their catches. The fun continues at Medano Beach, where The Corridor begins. Twenty miles of upscale resorts, impressive spas, championship golf courses, and beaches lead to San Jose del Cabo, a sleepy town of cobblestone alleys and colonial architecture, small art galleries and boutiques, and other old world charms. From here, head northeast to nearby Puerto Los Cabos, a luxurious gateway to the East Cape coastline.

PUERTO VALLARTA

Where Romance Comes to Play

Several destinations combine to create one of the most popular haunts of today's leisure traveler—Puerto Vallarta, which exploded onto the tourism scene with diversity that spans from world-class resorts on Banderas Bay to white-washed adobe houses on streets bursting with bougainvillea. With a section formally designated as the Romantic Zone, it seems only fitting that at least one famous love blossomed here: Richard Burton and Liz Taylor rendezvoused while filming *The Night of the Iguana* in the south-side villages of Boca de Tomatlan and Mismaloya. Yet with Playa de los Muertos' golden shores beckoning, the enticement of celebrity pales in comparison.
